

Live links for all the projects and GitHub repositories:

Assalam-o-Alaikum Sir!

This is Parihan Ayyaz. In Bytewise Fellowship Program, I have learned a lot of things in your guidance, not only technical skills but also some soft skills like how to showcase your work, time management. Moreover, some sources to host website and from where I can learn more in future. This journey has been very challenging but it was worth it.

The live links for projects and link to GitHub repositories are listed below:

1- Personal Blog Website:

Live Link: <https://parihanayyaz.netlify.app/>

GitHub Repo: <https://github.com/preehan/Bytewise-Task9-.git>

2- Bootstrap Website

Live Link: <https://parihanayyaz-bootstrapwebsite.netlify.app/>

GitHub Repo: <https://github.com/preehan/BootstrapWebsite.git>

3- Tailwind CSS Website

Live Link: <https://parihantailwindcssfirstproject.netlify.app/>

GitHub Repo: <https://github.com/preehan/TailwindCSSFirst Project.git>

4- React Application- The Movie App

Live Link: <https://parihanfirstreactproject.netlify.app/>

GitHub Repo: <https://github.com/preehan/MyFirstReactProject.git>

Thank you so much for giving me this opportunity.

Best Regards,

Parihan Ayyaz
